GENERAL INSTRUCTIONS

Note: If you are claiming the Ethanol Facility Tax Credit, no other credit can be claimed for the taxable year.

Section 235-110.51, Hawaii Revised Statutes (HRS), provides that each taxpayer subject to Hawaii's net income tax may claim a 4 percent nonrefundable technology infrastructure renovation tax credit for the renovation costs incurred during the taxable year for each commercial building located in Hawaii.

No tax credit shall be allowed for that portion of the renovation costs for which another tax credit was claimed under Hawaii's Income Tax Law for the taxable year.

If a deduction is taken under Internal Revenue Code (IRC) section 179 (regarding an election to expense certain depreciable business assets) no tax credit shall be allowed for that portion of the renovation costs for which the deduction was taken.

The basis of eligible property for depreciation or ACRS purposes or state income taxes shall be reduced by the amount of tax credit allowable and claimed. Alternatively, you may treat the amount of the credit allowable and claimed as a taxable income item for the taxable year in which it is properly recognized under the method of accounting used to compute taxable income.

The tax credit is not available for taxable years beginning after December 31, 2010.

In the case of a partnership, S corporation, estate, trust, or any developer of a commercial building, the tax credit allowable is for qualified renovation costs incurred by the entity for the taxable year. The renovation costs upon which the tax credit is computed is determined at the entity level. Each partner, S corporation shareholder, or beneficiary of an estate or trust shall separately take into account for its taxable year with or within which the entity's taxable year ends, the partner's, shareholder's, or beneficiary's share of the renovation costs and resulting tax credit. A partner's share of the

(Continued on back)

renovation costs shall be determined in accordance with the ratio in which the partners divide the general profits of the partnership. The renovation costs of the partnership which are subject to a special allocation that is recognized under IRC section 704(a) and (b) shall be recognized for the purposes of this tax credit. Each S corporation shareholder's renovation costs is the shareholder's allocated share of the S corporation's renovation costs. A beneficiary's share of the renovation costs is apportioned between the entity and the beneficiaries based on the income of the entity allocable to each. The term "beneficiary" includes an heir, legatee, or devisee.

Tax credit to be deducted from income tax liability, if any; refunds. If the tax credit exceeds the taxpayer's income tax liability, the excess of tax credit over liability may be carried forward until exhausted.

Definitions. For purposes of the tax credit:

"Net income tax liability" means income tax liability reduced by all other credits allowed under this chapter.

"Renovation costs" means costs incurred after December 31, 2000, to plan, design, install, construct, and purchase technology-enabled infrastructure equipment to provide a commercial building with technology-enabled infrastructure.

"Technology-enabled infrastructure" means:

- (1) High speed telecommunications systems that provide Internet access, direct satellite communications access, and videoconferencing facilities;
- (2) Physical security systems that identify and verify valid entry to secure spaces, detect invalid entry or entry attempts, and monitor activity in these spaces;
- (3) Environmental systems to include heating, ventilation, air conditioning, fire detection and suppression, and other life safety systems; and
- (4) Backup and emergency electric power systems.

SPECIFIC INSTRUCTIONS

Line 1 — Enter the renovation costs incurred during the taxable year for commercial building(s) located in Hawaii. Do not include that portion of the renovation costs for which another tax credit was claimed under chapter 235, HRS, for the taxable year. Do not include that portion of the renovation cost for which a deduction is taken under IRC section 179. Do not include costs for routine maintenance or repairs.

Line 2 — Flow through of renovation costs received from other entities, if any. In the case of a taxpayer who is a member of a pass-through entity (i.e., partnership, S corporation, estate, or trust) and who claims a tax credit for the entity's renovation costs, enter the amount of the costs received from the entity on line 2.

Line 3 — Estates and trusts: The total cost on line 3 is to be allocated between the estate or trust and the beneficiaries in the proportion of the income allocable to each party. On the dotted line to the left of line 3, enter the cost allocable to the estate or trust with the designation "N-40 PORTION". Attach Form N-326 to the N-40 return and enter the distributive share of the costs for each beneficiary on Form N-40, Schedule K-1, line 10.

Form N-20 and N-35 filers, stop here. Form N-20 filers, enter the amount on line 3 on Schedule K, line 20. Form N-35 filers, enter the amount on line 3 on Schedule K, line 12g. Form N-40 filers enter the distributive share amount on line 9 of Schedule K-1, Form N-40, for each beneficiary, otherwise continue to line 4. All others, continue to line 4.

Line 6 — This line is for the carryover of unused technology infrastructure renovation tax credit from prior years.

Line 7 — Add lines 5 and 6. This is your tentative current year technology infrastructure renovation tax credit.
